

An abstract painting featuring a dense composition of thick, expressive brushstrokes. The color palette is rich and varied, including deep blues, earthy browns, vibrant yellows, and lush greens, all set against a light, off-white background. The forms are organic and somewhat chaotic, suggesting a sense of movement and energy. The overall effect is one of a dynamic and textured visual field.

CONFLUENCE

DAART

13 NOVEMBER - 25 DECEMBER

DAA ART is proud to present, 'Confluence', an online group exhibition featuring six talented artists from across the world.

The art exhibition titled "Confluence" invites viewers on a contemplative journey where disparate elements harmonize within the expansive canvas of human experience. Through the masterful interplay of diverse artistic expressions, the exhibition transcends the conventional boundaries of form and style. In this convergence of artistic voices, the profound philosophy of unity amid diversity emerges. Each stroke, color, and medium converges to create a tapestry of

shared emotions, sparking a dialogue between the familiar and the enigmatic. "Confluence" becomes a metaphor for the intersection of individual narratives, where the amalgamation of perspectives forms a river of collective consciousness. This exhibition not only celebrates the beauty of artistic synthesis but also prompts contemplation on the interconnected nature of existence, challenging viewers to explore the depths of their own confluence with the multifaceted currents of life.

ABOUT DAA ART

Daa Art, launched in 2022, emerged out of our shared vision to create a global platform for contemporary artists, and aspires to promote critical conversations and creative exchanges between them.

The platform was founded by a couple Sareh Javid (Ph.D. in history of art from The School of Oriental and African Studies) and Alireza Rahnama (Ph.D. from Imperial College London) out of their shared goal to make inaccessible art, accessible to everyone worldwide. Daa Art endeavours to represent a wide range of artists, while being committed to provide more space for UK based artists, female-identifying artists, recent graduates and emerging artists.

It is our ambition to create a platform that will become a major resource upon which artists, collectors, researchers, as well as the broader artistic community might draw in the future.
